2 weeks on...

The 1sts, 2nds and 3rds have all had at least one win in the past fortnight. This means that they have all started to gather up points to help them move up the league tables.

The 1sts are now 6th in the Solly Sports Yorkshire Premier League but a good result on Saturday for Town could see them move up the table as Castleford take on York.

The seconds won their first game of the season a fortnight ago against Treeton and then got their second win just the week after against Mexborough. These results mean that the 2nds are now 11 points above bottom place Treeton but they are still in the drop

zone. However, we haven't even reached the half way stage yet and so hopefully there will be some more great results to come!

The 3rds are also moving up the division 3 table thanks to a win and some bonus points. They now find themselves one place above the drop zone and five points above bottom place and local rivals Tickhill.

But, this good form has not been reciprocated through out all of the club as the Barnsley League team find themselves 2nd from bottom and in the drop zone, due to not having one complete win all season!

Hopefully all the senior teams will be able to get some points in the busy fortnight ahead!

1sts Results

Last weekend, Town hosted Castleford. DTCC batted first and set Castleford a target of 236 with Spinella top scoring on 55. Town's bowlers got off to a great start as Castleford found themselves on 84-6 but they soon found themselves on top thanks to a partnership of 107. Castleford won with 3 over's to spare with James Stuart again being the pick of the Town bowlers.
